Dependability....

To win the war—manufacturers must keep the balance in favor of the Allies. Hardware lines in general will be more and more difficult to replace as time goes on, some lines are off the market now, many more will be restricted during the following months. This is all the more reason why you should buy well known, dependable lines. We still are sole agents in Estevan for such well known lines as

Sherwin Williams Paints and Varnishes - Alabastine and Flyte - McClary Ranges and Heaters - Beatty Washers - Massey-Harris Machinery.
